

## Short-term placements with HM Inspectorate of Probation:

### Probation Supply Chains thematic inspection

HM Inspectorate of Probation is an independent Inspectorate, funded by the Ministry of Justice, and reporting directly to the Secretary of State on the effectiveness of work with adults, children and young people who have offended, aimed at reducing reoffending and protecting the public. We inspect both the quality and impact of services provided, and make recommendations to assist providers to improve the effectiveness of their services.

We carry out a number of thematic inspections examining different aspects of work with adults and children and young people. We work closely with colleagues from other criminal justice inspectorates and the inspectorates covering education, health and social care.

We are seeking a short-term placement with detailed knowledge of our inspection topic to join our inspection team for a period of up to seven weeks over a five month timeframe to help plan, carry out and write up inspection findings.

We are seeking someone who is able to work as part of a team with proven operational and strategic experience in the following topic:

- **Probation Supply Chains:** placement to start September 2017 exact date to be confirmed with candidate (fieldwork runs from October - December 2017)

Short-term placements provide an excellent opportunity to learn about inspection, gain more knowledge about the inspection topic and contribute to improving practice. Guidance will be provided in inspection skills and procedures.

Applicants should be aware that the role does entail frequent travel within England and Wales and the necessity for overnight stays away from home.

For further details of the post, including the application and selection procedure, please see the attached information.

We particularly welcome applications from people with diverse backgrounds.
