

Part 3: Our reports

Our reports

Between 3 May 2019 and 30 March 2020, we published 183 reports, which are all available on our website.

As well as our work with the 43 Home Office forces, and the other inspectorates, we carried out various other inspections. These are part of our statutory duties to inspect non-Home Office police forces and certain other law enforcement agencies. We gave our reports for these inspections to the relevant Secretaries of State. Except where national security considerations precluded it, these were then published on our website.

Over the next few pages, we have listed our reports, along with:

- a short description of the inspection's focus;
- the names of the other inspectorates, if it was a joint inspection;
- the publication date; and
- the name(s) of Her Majesty's Inspector(s) (HMI) responsible for the inspection.
